Stacy Gilson has been an Independent Beauty Consultant for Mary Kay Cosmetics, specializing in skin care, makeup, consulting, image and leadership development since March of 1987.

*“I started my Mary Kay business as a very part time level in order to stay home and raise my four children. I felt it they were going to have bad habits they were going to have mine.”*

At that time she was working for the Board of Education dedicated to her teaching degree; she saw the benefit in using the Mary Kay business as an opportunity for a strong source of income and the flexibility to stay home and raise her four children.

After having her fourth child, she knew that she would have to step out of her comfort zone and work this opportunity as a career. Her husband supported her and stood behind her as she began this new journey, a journey of self-discovery and the journey of becoming a successful business woman. Her children were her strongest motivation and inspiration.

She won her first car within her first four months and six months later became a Sales Director in May of 1991. Since then she has earned 18 cars, 15 which have been the prestigious Pink Cadillac!

*“Since I began pursuing Mary Kay, I have loved helping women look and feel beautiful with the Mary Kay product line. I also continue building my business because of my responsibility for mentoring other women aspiring to use May Kay as a source of immediate income and financial security. I believe that this is such a dynamic opportunity because it is available on any level from the very part time to full time career. The career path presents unlimited earning potential based on an individual performance and desire to succeed.”*

Stacy is totally committed to assisting Beauty Consultants discover their true potential, confidence, and belief in themselves through Mary Kay. She is very proud of her growing sales unit of Beauty Consultants, many of whom are aspiring leaders. Her passion is to develop, inspire, and educate women in May Kay to become exceptional and successful leaders.

Stacy's ultimate career goal is to promote herself to the highest position one can achieve in Mary Kay, which is to become a National Sales Director in 2017. This will mean that she has mentored 20+ women to become Sales Directors and build their own teams that focus on retail selling of the Mary Kay product line. She is passionate about passing on Mary Kay Ash's dream to enrich the lives of women everywhere. She knows the only way to achieve true success in your own Mary Kay business is by helping others first. She also aspires to earn this prestigious position so that she may take advantage of the full earning potential available through the May Kay Family Security Plan. The decision she made early in her life to not be dependent on anyone else to determine her financial success has allowed her to strive to be all she can be.

***Dream. Believe. Inspire.***
